# WHO WE ARE

## Trusted Experts

### Proven

---

Extensive track record of success within the UA, MCAA and signatory contractors.

### Tactical

---

Customizing the right strategies with training requirements for best outcomes.

### Innovative

---

Keeping our clients up to date with evolving technologies and resources.

### Honest

---

Trusted by dozens of UA locals and thousands of apprentices.

### National

---

Supporting locals across the country with U.S.-based staff.

### Precise

---

Exact in every implementation detail.

# WHAT WE DO

We deploy and support digital learning systems proven to boost apprentice achievement

Implement

Train

Support for Success

Manage Refreshes

# COMPONENT FRAMEWORK

# Components of the Connected Apprentices™

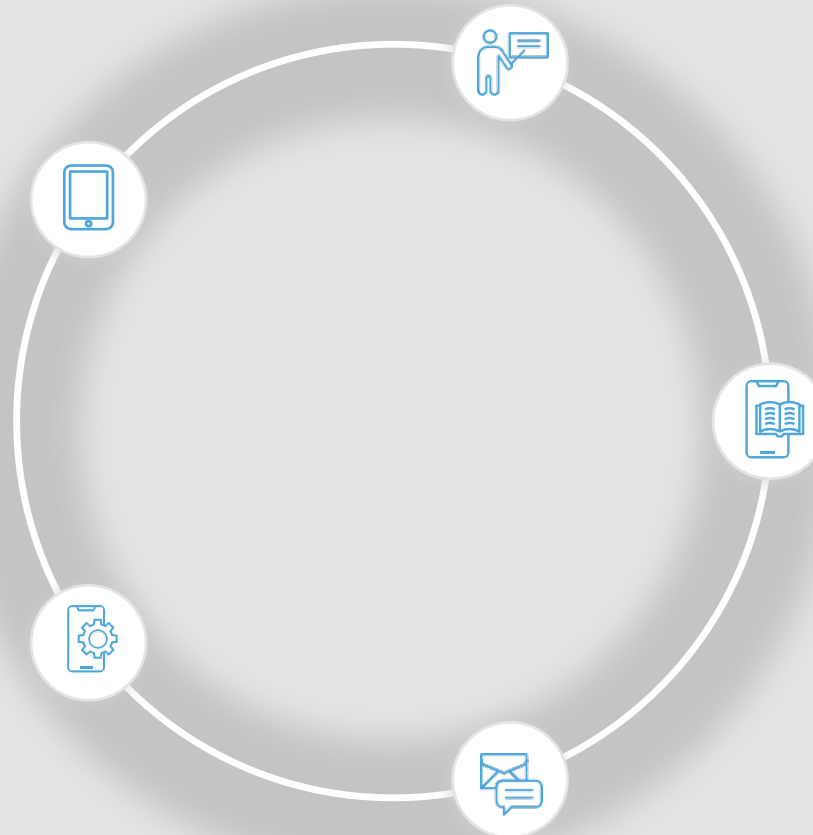

Creating and Sustaining a Successful Ecosystem

## Devices

iPads— any quantity, any model

## Mobile Device Management

You centrally control your assets, device functions and security protocols from a single dashboard.

## Training

Empowers your system administrators to control devices, manage content and protect your assets.

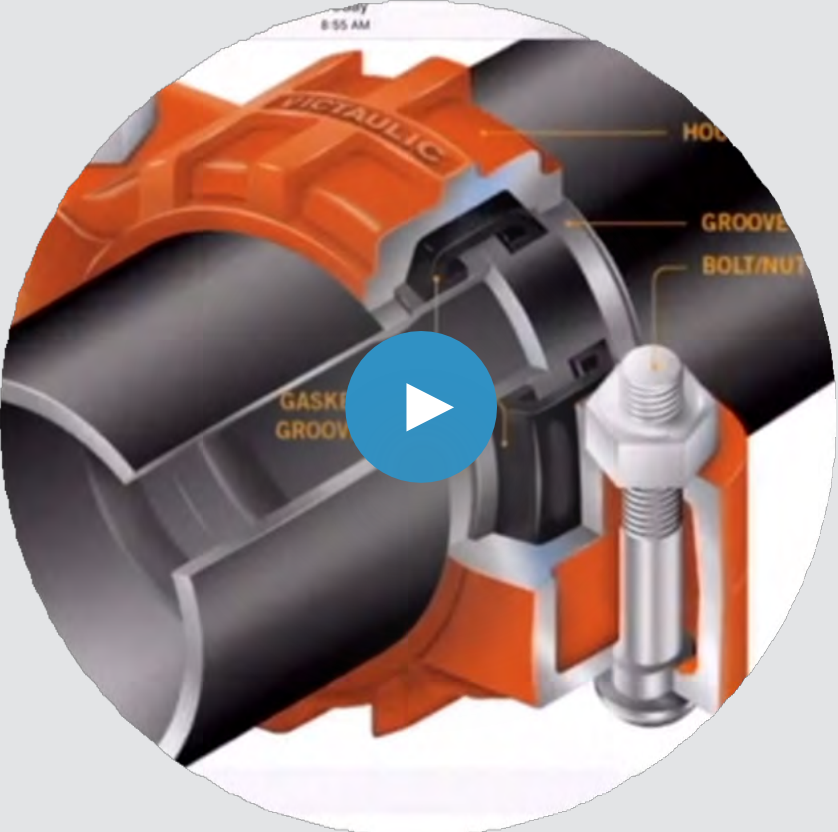

## Content Control

You push Apps, instructional content and valuable resources at any time.

## Support

Responsive US-based support ensures success and that you always have somewhere to turn.

PATH  
FORWARD

# TYPICAL TIMELINE

**1-7 WEEKS**

*subject to availability*

+

**2-3 WEEKS**

Apple ships devices to our configuration lab

Project planning, device configuration, preloading, QA process

You receive customized, MDM Admin training by webinar which gets recorded for your future reference and other staff.

# PROCEED WITH CONFIDENCE

---

“The Connected Apprentice has been a complete game-changer for our training center. It has completely changed the mindsets of instructors and students”

-Gabe Maestretti, Lead Technology Instructor. UA Local 342

## 100% SUCCESS

Every UA local has renewed their annual services since implementing the system and most have expanded their system with additional devices.
